# Friday Jan 17th

# ARTISTS AGAINST WAR

## How do you feel about another oily war?

On Jan 17th artists of many talents are uniting in a creative frenzy  
No boundaries - no restrictions

What we have to offer you is art in body, shape and soul - art of the mind, art of the spirit and art of movement.  
This is a fun event, filled with lots of dancing and a tantalizing visual experience.

Oh - and if you can bear the cold there will be a naked bicycle ride down Commercial Drive, so don't forget your bicycles.

Naked bicycle troopers get in free!
